I. Introduction

Aflatoun International is an NGO based in the Netherlands offering social and financial education to children and young people worldwide. Through a strong network of 300+ partners. The organisation reaches 8.6million children and young people each year in more than 100 countries. Aflatoun International creates high-quality curricula, for different age groups, which can be contextualised to local needs or specific circumstances. In addition, teachers are provided with training and we conduct research to evaluate the quality and effectiveness of our programmes.

These Terms of Reference (ToR) have been developed with the objective of facilitating the organisation of the Regional Meeting for ECA Region. Develop a strategic mapping for engagement of new partners in the ECA region. Assist in the planning and coordination of upcoming in-person and online training of trainers, and support the ongoing projects in the region. The ToR will structure the process and outline the procedures to follow and roles of the parties involved in the oversight and management of the project.

II. Background

The complex and rapidly changing world of today presents unique challenges for new generations preparing to enter adulthood. It is more important than ever that all children and youth, including the most vulnerable, access opportunities to develop practical skills that empower them to navigate the complexities of their working and social lives. Financial education is essential to empowerment, and fosters meaningful learning and development of key competencies. It also ensures that learners acquire the capacity and motivation to engage in all aspects of social and economic activities.

With the mounting emphasis on social and financial education, the ECA region has increasingly received donor attention over the last few years; there are more and more countries and organizations, both governmental and non-governmental, expressing their interest to join the global partner network of peers so to reach the ultimate beneficiaries: children and youth. Thus, there is a need to identify an intern who can support the division to ensure optimal support to Aflatoun International's regional implementing partners. In liaison with the ECA Programme Manager (PM), the Intern will undertake the following activities:
